Will be Easy To-day.

According to the weather prophet there will be no more snow within the next few days at least. The atmospheric conditions are promised to be more comfortable to the average clitzen, and coal fires may be mild.

Farmer Evans yesterday hooted at the idea of snow, and said it was getting warmer. The poor can hardly appreciate this, but ought to, for it will probably be colder in the next few days.

Mr. Evans can't tell what may happen after to-day. His forecast doesn't extend beyond to-day. Further than that deponent sayeth not.

It is likely to be clear and seasonably cool to-day and to-night. Of to-morrow the prognosticator worted not.

## REVENUE GREATER FROM OYSTERS

The State Board of Fisheries Here Preparing Its Annual Report.

The Virginia State Board of Embalmers met in this city yesterday in the office of Major L. T. Christian, a member of the board, and examined three applicants for liceuse as embalmers, two of them white and one colored. There were present at the meeting the following members of the board: President G. W. Kurtz, of Winchester; John M. Oakley, of Roanoke; H. D. Oliver, of Norfolk; T. Allen Fox, of Danville; L. T. Christian, of Richmond. The three applicants all stood the examination, The negro applicant is a Richmonder, as is one of the white applicants, the other being from Roanoke.

Besides examining these applicants, the board signed up the licenses for 1904. All embalmers have to renew their licenses annually at a cost of \$2 each, the licenses being renewed with the beginning of the calendar year. The fees thus collected pay the expenses of the board. The board expects to complete the report to-day and then turn it over to the printer. The State Board of Fisheries of Vir-

report to-day and then turn it over to the printer.

At the meeting which was held yesterday in the office of Mr. Henry M. Tyler, first at 11 A: M. and again at 5 P. M., the board heard a Nansemond cysterplanter, who had taken up for planting purposes two or three acres of natural rock within the Baylor survey. He asked a year or two to allow him to take his other accounts of the planting ground. Judge Prentls recently granted an injunction restraining both planter and tongers from taking cysters from the area in dispute, and pending decision in this matter the Board of Fisheries declined to take any action, postponing the matter to the next meeting, which will be held at Norfolk or Newport News about January 19th or 15th.
